Nose still slightly reductive, animal and light vegetal notes, black berries and cherries, some bacon, dried herbs, touch of pepper and juniper. Firm and quite full-bodied on the palate, but also cool and quite polished, tart dark fruit, very prominent, youthful, firm, fine, mouthwatering tannins, peppery notes, herbs and some juniper, prominent mineral notes, persistent, still very young, nutty notes and chocolate, has some depth, some more juniper on a very good finish. Definitely needs time to mature.
